

Dear Valued Customers and Friends,

We welcome you to our Spring 2022 All Breeds Production Sale. Mead Farms appreciates each and every one of you taking the time to look through this quality set of cattle. We value the continued trust in our program that our repeat customers show us. And we look forward to developing relationships with our new customers.

Since 1942, Mead Farms has made it a priority to develop cattle that can thrive on limited resources and excel at every facet of the beef industry, from pasture to plate. Throughout the years we have worked hard to create high quality cattle and stay true to our customers' needs. It is our belief that "Build great cows and the bulls will happen." Staying true to this statement has allowed us to be the leading Pathfinder herd in Missouri and one of the top Pathfinder herds in the nation for many years running.

The set of females that we are selling are our best offered to date. From the Lot 1 daughter of Magnitude's Mother to the top notch spring pairs offered, there are animals that will work in any herd in the nation. These females have been selected from the heart of our herd, one that has 7+ decades of maternal excellence. These females are developed to be fescue tolerant, easy fleshing and sound

The breeding age bull in this sale are the complete package, combining phenotype with performance and EPD excellence. Each bull has passed a comprehensive BSE by our veterinarian. Bulls are tested free of BVD persistent infection and will have a full round of vaccinations, as well as deworming and delicing. The bulls are hand fed in large contemporary groups, to ensure docility.

For the very first time Juliette and Annaliese are offering show heifers. These heifers are broke to lead and descend from heifers that the girls have shown successfully. Juliette has decided to focus on school this summer, thus we are able to offer these high quality heifers.

We are hoping to build relationships with each and every one of you. Now is the time to invest in some of the top genetics in the nation. Please don't hesitate to call us with any questions or assistance. We welcome you to stop by the farm for a tour.

See You May 7th! Alan Mead Juliette Mead Annaliese Mead Jennifer Russell

All of the registered Angus Bulls & Heifers have GENOMIC ENHANCED EPDs

MEAD FARMS BREEDING GUARANTEE

All bulls selling for \$3000 or more by Mead Farms are fertile to the best of our knowledge. Every bull has passed a complete breeding soundness exam by a licensed veterinarian.

If a bull is INJURED at any point during the first breeding season following the sale so to make that bull functionally unable to service and settle a cow, we will provide you with the following:

- 1). A satisfactory replacement if one is available.
- 2). Credit in a future Mead Farms Sale Equal to the purchase price less salvage value.

The "First Breeding Season" is defined as the first 90 days following the day of turn out. This is not a mortality insurance policy on your purchase. We suggest contacting an insurance representative to inquire about mortality insurance. Mead Farms will not replace an animal due to death, only when they are determined by a licensed veterinarian to be a non-breeder with the first Breeding Season. We do ask that you contact Alan Mead immediately upon discovering an injury and within the First Breeding Season time frame.

All Mead Farms Genetics sell under the Terms and Conditions of their respective Breed Associations. All settlements must be made prior to September 1, 2022.

SALE LOCATION

The Mead Sale Headquarters is located 4 miles West of Versailles, MO on Hwy 52 and on the north side of the road. GPS Address: 7785 Hwy 52, Versailles, MO 65084.

SALE DAY PHONES

Alan Mead Jennifer Russell Jerry Lehmann Wes Tiemann	(573) 721-5512 (573) 999-4759	Don BirkScott Wall	(816) 676-8560 (417) 860-8595 (309) 212-5450 (660) 527-3507

BREED REPRESENTATIVES

David Hobbs, American International Charolais Association	(913) 515-1215
Joe Rickenbaugh, American Hereford Association	(785) 633-3188
Harold Bertz, Red Angus Association of America	(816) 661-2289
Adam Conover, American Angus Association	(816) 676-8560
Julie Conover, Missouri Angus Association	(734) 260-8635

Bulls that meet the Show-Me-Select criteria have the Show-Me-Select logo on their pedigree in this sale book.

The Targeting the Brand™ logo is designed to highlight registered Angus bulls with greater genetic potential to produce calves meeting the most challenging specifications of the Certified Angus Beef® brand. Bulls must meet genetic requirements of +0.65 Marbling EPD and +55 \$ Grid of non-parent Angus sires to qualify for use of the Targeting the Brand™ logo.

RETAINED INTEREST

Mead Farms retains a one-third semen and revenue sharing interest in all bulls selling. This simply means that if at any point in the life of the bull Mead Farms would like to collect semen on the bull for their own use, or if semen is marketed, Mead Farms will share in any of the revenue generated.

Buyers receive full possession and 100% salvage value on all bulls purchased.
